The University of I'tah football team will leave for Colorado Thursday, where they will meet the Colorado School of Mines at Denver, next Saturday. The game is the biggest of the season, and i'Coach Maddock succeeds in beating the Golden miners this year, as be did two years ago, the varisty eleven very likely will go throughout the season with a clean record. The boys from the university are in great spirits over the prospect of meeting Golden, in spite of the fact that the game is not to be played on the 'I'' gridfron.

The Golden squad this year is made up largely of stay players from eastern, colleges and Maddock knows that in meeting Golden he is up against the hardest rub of the season. The coach, loe Curtis, was one of Maddock's team, mates on the Michigan team, and since that time Curis has played tackle on the All-American team.

The game Saturday with the I'tah boys will be the first big contest of the season of the Michigan team, and since that time Curtis has played tackle on the All-American team, and since that time Curis has played with inhorteans of for the miners, but judging from the games the latter have played with inhorteans, Coach Curits seems to have all the tactics of football well in hand.

INTERVIEW WITH JEFF

Is Anxious to Meet Johnson Boilermaker in Pink of Condi- Negotiations on to Match Burns tion: Johnson Surprises Many Sportsmen.

"Jeffries will certainly "fight Johnson. The public may have believed that he was bluffing, but it was due to Jeffries's homest desire to see whether or not he could fit himself for the ring. He is fit now and will fight. I was surprised at his appearance. I haven't seen him in such good condition for years."

The defeat of Stanley Ketchel by Johnson was a surprise to eastern sporting men. In that the hegro champion displayed such remarkable skill, strength and agility. While it was hardly expected that Ketchel would whip Johnson it was expected that the result would be different. Sporting authorities now agree that Johnson has been underrated trather than that Ketchel was overrated, and that Jeffries has a much more difficult problem with which to contend than was known before the Ketchel fight. The consensus of epinion here is that Jeffries a vulnerable point will be his wind, which it is feared has not improved through five years of idleness.
